“ Condolences to the family for this unimaginable loss. Dave was a wonderful person to know and his warm smile could really make you feel like sunshine on any day! I worked Dave originally at Visteon over a decade ago and he was one of the best people I had the pleasure to work with... he was a Rockstar! Fast forward a few years later when I moved to Harman... to my surprise who's face was one of the first I recognized, it was none other than Dave Gulau! It made this new place feel instantly like home! Thinking back, that is one of my most favorite things about Dave was the fact that he could instantly make you feel like he was genuinely happy to see you! He was a big part of the Harman Family and as I can see here played a big part at Church, the community and most of all his Family. I am so sorry for your loss, and I offer my prayers for comfort and healing in this time of mourning.

Best!

“ Dave was one the kindest people I have had the privilege to know. The world is a lesser place without Dave. Dave and I started our careers at Ford on the same day in the same department and we worked together for several years. I do not remember Dave ever saying an unkind thing about anyone, and his positive influence made me and everyone around him better people. During the time we worked together we shared ideas, solved problems, collaborated on designs, cost savings and a patent. We also played softball together and attended each others weddings. Diane and family, I am sorry for your loss and am grateful that I too got to know Dave.

“ Many condolences to Gulau families and friends. I knew Dave at Harman for five years.

Dave would be in my memory because of the warmth and light he radiated when being around him, particularly on a cloudy day discussing tough issues.

I respected Dave further upon learning the many voluntary and charity activities he participated outside of work for his family and the Lord. With his passing I lost a great model and friend.

“ I consider myself lucky to have known and worked with Dave at Harman. He was full of positive energy and he always smiled. Though he was very busy he would support the teams in all the meetings. He recognized his colleagues and encouraged them. He touched many lives including mine with a positive change. I will miss Dave. My sincere condolences to his family, you are in my prayers.

You will always be in my memory!

“ Dave was truly one of the good guys and he will be missed tremendously. Our paths crossed many years ago while working at Visteon and I was fortunate enough to work along side him again at Harman. I will miss our conversations about the good old days at Visteon and his willingness to always do what's right. It really was a pleasure to work with Dave, his impact on the people around him was evident and will be remembered.

My deepest sympathies and prayers to his family and friends.

“ No words can soften the tragedy of Dave's life taken away at such a young age. He was so full of life, passionate about his family & work, and always made everyone smile around him. Our family has so many great memories of Dave and your family through the years at sports events, lacrosse games, Spring Breaks, graduation parties, etc. We pray for your family as you try to find your way through this, remember you have so many friends willing to help. May God be with all of you.

“ I met Dave one of my first weeks at Harman over 5 years ago. I immediately appreciated his willingness to work with others and passion to do the right thing. Over time I truly enjoyed working with him - he showed respect to all people he interacted with. He was a true pleasure to work with. I am blessed to have known him as he made the lives of anyone he touched better. My deepest sympathies and prayers for all of his family.

“ I thought I could meet Dave someday in China, I wanted to say thank you to him in person that he had been always so helpful to me since the first day I joined Harman in 2018. To me, Dave is not only my Line Director but also my work mentor & life friend. He always shared his idea, thought, caring, and support every time we had WebEx, even we didn't see each other, I always can feel his warmness and passionate to life and work.  
My dear Dave, you will be absolutely missed by everyone, I will live my lives like the way you had taught me during the pass two years ... happy, positive, caring, generous, kind, giving, and selfless. It's definitely my great honor to have you in my life.  
I do miss you and will remember you always.

“ I feel so blessed and lucky to have gotten to know Dave for 13 years of my life. He was the most selfless, caring, loving, generous, happy, genuine, and inspirational man. I hope to be half the person he was one day. From him and my dad coaching Kendall and I's basketball team in second grade, to him and the whole family welcoming us over to the cottage every weekend of summer. There are truly not enough words to describe how amazing Dave was. He always made everyone in the room feel so loved, so cared for, and so comfortable. The way he loved God, and the way he loved his friends and family was so inspiring to all. He will be the best guardian angel for all, and his legacy will live on forever. Deepest prayers for all friends and family of Dave, and praying for God to wrap his arms around Kendall, Diane, and Luke during this time.

“ I offer my deepest condolences to Dave's family. I worked with your dad/husband while I was at Ford and Dave was at Sony. One thing I learned when my father passed at 59 was that the only way I could make "new" memories of him was to hear stories or see pictures that were new to me. I'm including some of the pictures I have with Dave from work events so that you can have another memory of him.

“ So much has been said already, it's hard to say something that hasn't been said. I commented to a friend after hearing of Dave's passing, "They don't make too many of them like him". I had the good fortune of working with Dave at both Visteon and Sony. He was always ready to help in any way he could, always encouraging and always there for you. He had a spirit that filled the room and always left it a better place. I will keep his family in my prayers because he left us too soon. Dave, you will be missed by many more than you know. Rest well.

“ Dave, may have only been about 6' tall but he was an absolute giant to me. The impact he has made on my life can never be explained or measured. He was the greatest mentor in life I could have ever asked for. He was always there supporting me in my career and in my walk with Jesus. I head to Oakpoint today with a Dave Gulau sized hole in my heart. I know that with the faith he helped me build, I will see this beautiful man again, soon. I know this pain is my earthly pain, I know Dave is in the arms of our Lord, praying that our pain is healed soon, with FAITH. I loved you like a brother, Dave Gulau. I cannot wait to see your smiling face again.

These pictures were from a private Sony concert in Grand Central Station where we got an exclusive performance from Foreigner. This was followed up with hanging out with the band until 4:30 am! A memory with Dave, that I will never forget.

“ I enjoyed working with Dave with the Cody Athletic Booster Club. He always had a smile on his face and he was so dedicated to helping the students at Cody High School. As a former teacher at Cody and Cody Alumni I will forever be grateful for the hard work and dedication Dave gave to the Athletic Booster Club. He will be truly missed. Diane, Luke, & Kendall, his eyes lit up when he talked about you. He loved to show us pictures, tell us stories, and let us know how proud he was of his kids. Many prayers for you during this difficult time.

“ My deepest condolences for everyone in the Gulau family. I had lost touch with Dave over the years and was heartbroken by the news of his passing. It has been great to read through the long list of wonderful tributes and kind words about Dave. We met in elementary school and played tee ball together. Our love of baseball led to an annual tradition of a sleepover to watch the MLB All-Star game...and those were great times! Seems a million years ago, but also just like yesterday. I feel fortunate to have known him then and I hope that all of the love, good works, and happy memories that Dave created during his life will be something that all of his family and friends can treasure in the difficult days ahead. Sincerely,

“ A shock to all of us - a life who's candle went out too soon. May the Lord give his Family all the strength and faith to overcome this tragedy. Dave always had a smile and a laugh to share with all of us wherever he worked - Ford, Visteon, Sony or Harman. It was always good to catch up with him when our paths crossed at some audio meeting or event. He will truly be missed. No words...

“ Kind, caring, selfless, genuine, dedicated, passionate, loyal, integrity, character... the list of traits and characteristics that made Dave such an amazing person seems endless. It has been an honor and a pleasure to work beside Dave over the past 5 years. Rarely do you come across a person with such an extraordinary ability to connect with people and instantly impact their lives in a meaningful way. Whether the setting was professional or personal, he exemplified the best of humanity and reminded me of what truly matters. He will be missed dearly... especially his “hey, I have a fun one for you” stories after a particularly difficult day or meeting. He always knew when the team needed a lift.

Diane, Luke, Kendall, I send my sincerest condolences to you and your family. I know words ring hollow right now, but please know that the entire Harman team is here for you as Dave would have been for us. His legacy will live on in everything we do. He has taught us well.

“ Dave was a great person to work with, he was always smiling and his laugh kept us going during stressful times. We took a concept that seemed unachievable and were the first to market it, making Ford the first OEM to implement the CD6 in-dash radio concept. We had a lot of fun times and even presented to the executive leadership at Ford together as finalists in the Ford President's Quality Award. This is one of the properties that was behind us as we spoke to the Ford leadership team. My deepest condolences to the Gulau family, I am so sorry for your loss. Rest in peace Dave- Jim Lasak

“ Dave and I met during our MBA studies at Michigan State in 1998. He and I became good friends from the very start of the program. Our friendship continued even though I moved to Montana 20 years ago. He was such a treasured friend that always put others ahead of himself. When we would call each other he would always ask how my kids and wife are doing before we talked about anything else. He was one of the most genuine, caring, giving, charismatic, positive, family loving, ... persons I have ever met.  
My heart aches for Diane, Luke, Kendall and family. I pray they would have peace and comfort.

“ Simply and humbly... "An amazing human being" .

I had the pleasure of working with Dave when he was at Ford, when he was at Visteon, when he worked with Sony and and when he was at Harman.

During all of that time, spanning over 25 or more years; these things were always the same, constant, and unyielding..."his love of God, his love of his family, his love of country his dedication to excellence in all he did and his undying devotion to maintaining the highest level of integrity, born of his deep and abiding faith.

If the true measure of a person is the positive impact one has on other people with caring, compassion and resolve; this was truly Dave.

I have been blessed to know him, to work with him, to mentor him and to be his friend for many many years.

Rest in peace my friend, you made this a better world and everyone you touched better people.

“ Dave brought such a unique passion and positivity to the virtual and physical office each day. From the Mexico business trips, to late night China calls, to everything in between. He was a voice of reason coupled with laughter & joy even in the most stressful situations. His professional legacy is ingrained on all Ford & HARMAN applications, especially the B&O & Revel branded audio systems. He acted as an irreplaceable ambassador both internally and externally. He was key member of the Harman/B&O and Ford team that has been collaborating together on the Ford B&O audio branding for the last 5 years. He was always a positive light in any forum and fostered an all inclusive team spirit.

Excellence in Leading the Nexperia Sapphire Team

All I can say is WOW! Your support on the Nexperia redesign was beyond belief. Your relationship with the Ford personnel I am convinced is the main reason we continue to have business with Ford today. Without your support, we would have never been able to implement this change in the ridiculously short amount of time we had. Your professionalism under duress is something that we all should strive to achieve. It was truly a pleasure to work with you on this critical project.

His positivity, friendliness, and passion made him special and this was obvious to anyone who knew him, he was an all-around great guy. Words can't express how much I will miss working and chatting with him.  
Sincere condolences to his family and many friends.

“ I had the opportunity to work with Dave at Haman for more than 4 years with Ford products. He helped us a lot in many ways to do the correct things. He always had a smile during hard times and helped us to change those days for a better ones with good results also. I will miss so much to work with Dave.

My condolences for his family from Querétaro, México.

Rest in peace Dave.

“ One of my first meetings at Harman was with Dave. The amount of passion and energy he had for his job was what truly made him exceptional at Harman. But also the wonderful stories about his family is what made his extraordinary. He was not only a great person to work with but truly care about so many people. He will be greatly missed here at Harman and may God bless the Gulau family to give them the strength during this difficult period of time.

“ It was my great pleasure to have known Dave from his work at Ford, Visteon, Sony and Harman. I had the privilege to associate with him at each of these work places over the past 20 years. Not only was Dave the best at what he did, he was a man whose true compass was set by his great faith. It quietly, but passionately defined him. Deepest sympathies to family and friends.

“ I am truly going to miss working with Dave. The calm waters. The fire fighting. The calls at least 10 times a day and how he always went off on a tangent because of his passion and love for life, work and of course, dear family. Dave convinced me that the Ford business unit at Harman was a good move for me, but in truth, he didn't need to convince me because I had already always enjoyed working with him and knew we'd compliment each other. I have learned so much from him. We have a strong bond between Ford and Harman due to Dave and we will all miss him deeply.  
Your passion is your legacy.

Condolences to the entire Gulau family.

“ Dave was not only a cohort but a friend. Working with Dave was an enjoyable experience. He had a contagious positive attitude and treated each and every person with respect. I cannot express how much I will miss working with him, and his wonderful demeanor.

I will celebrate all of the great times that we had together, forever in my heart. He will also be a guiding light for me and many others in both our working and personal lives.

Thoughts and prayers go out to his family as we grieve and celebrate his amazing life, that we were so lucky to be a part of.

“ I met Dave back in late 2000 while working for Boston Acoustics. From the onset, Dave made me feel welcomed and part of the team. We travelled for business extensively over the years and created a friendship for life. Positive and possibilities are the two words that come into mind every time we discussed matters be it personal or professional. His love for his family was always expressed when we spoke. And through the years he never forgot about our friendship. On occasion he would call me out of the blue to chat and find out what I'm up to. His energy and pure joy of life was so infectious and everlasting. He was never short on encouragement and support. And throughout all his accomplishments, he always remained humble and sincere.

Diane, Luke and Kendall, we are so sorry for your lost. Please know that Dave will live on in hearts and minds. We are here for you. God bless you.

“ What a sad day for all. The family's loss is great, but they have to be proud of Dave in the way he led his life. In all the years the Strang family knew Dave there has never been a sarcastic or bad word between us. His demeanor and words have always been sweet and loving. No way to reverse time, so life will go on with a hole that never will be completely filled. The Gulau family's faith is strong and thankfully there are no little ones. So the Sun will shine in time with the beautiful legacy of David. Jan & Chris Strang

“ I met Dave and Diane when our girls were at Orchard Hills together. I will always remember him as "the dad" who was always everywhere. He was passionate about his family and his community; whether it be the Novi School District, Cody High School or Oak Pointe Church, Dave was there to lend a hand. He was the driver for our tennis outings, as well as a wonderful host to our team at the lake. He was a special man and will be greatly missed by all. Much love to Diane, Luke and Kendall.
