“ I entered an airplane for the first time when Wil, Jennie & I flew to Europe. We started in London and ended in Rome. Much of the trip was in a Volkswagen Beetle, with Wil driving, Jennie holding a copy of "Europe on \$5 a Day" and me in the back, praying that we wouldn't run off the side of a mountain. Jennie was the one who kept us on schedule and from doing anything too crazy! Memories for a lifetime. You will be missed dear Jennie. Your life long friend, Ken Hull.

I will miss my sweet Auntie Jennie! It was always a great pleasure to spend time with her and Uncle Bill, and Dan. I always admired the beautiful relationship that Uncle Bill and Aunt Jennie had. They loved to sit together in their family room discussing the daily politics and events going on in the world while they watched TV. Their love for each other was so special. Dan and I had the opportunity to spend time with both of them. It was always fun to sit with them and talk about stuff. Aunt Jennie seemed so happy. Now they are together once again.
