“ I am deeply saddened to find out that Larry has passed. I actually sent Tom a message yesterday asking of him and didn't get a response. I had an uneasy feeling and Googled Larry and saw his obituary. I only worked with Larry for several months through Visiting Angels but in that time gained a great respect for such a wonderful man. My family, corona and obligations kept me out of his life this past year or so and I've felt a deep guilt not going to visit my friend. He will forever live in my thoughts and in my heart. Love you Larry, Jess.

“ I hope that his passing was easy for him and he did not suffer. He's reunited with Janis, maybe taking a drive in one of his many old cars that he loved. Or maybe he'd prefer his Ford pickup. Until we meet again Good Sir, you owe me a dance.

“ Living with Larry for the last 11 years I have so many memories. One of my favorites is every morning listening to Larry talk to Google. "Hey Google bark like a dog" we never knew what he was going to ask but it was usually funny.
